A LIFE TRANSFORMED: FINDING HOPE AND PURPOSE

When I first came to Choose Life Ministry, I was struggling with addictions that had completely taken control of my life. I knew I needed help, but I wasn't sure where to turn. Through God's guidance, I was led to Choose Life Ministry, and that decision changed everything.

One of the greatest gifts the program gave me was the opportunity to step away from an unsafe environment and focus on my healing. For the first time in a long time, I was able to slow down, reflect, and open my heart to the Lord. The staff and workers poured into me every single day with encouragement, support, and genuine care. Their investment in my life helped me see that I was worthy of a better future.

The journey wasn't always easy, but it was life changing. Through the program, I gained confidence, developed healthy habits, strengthened my faith, and began to believe that lasting change was possible.

Today, I am excited to share that I have recently begun working in childcare - a career field that I hope to spend my life in. I am currently employed full-time as an Educational Assistant and have the privilege of working with my own student every day. It is incredibly rewarding to make a positive impact in a young person's life and to be part of their growth and development.

Looking back, I can clearly see how far God has brought me. The person I am today is not the same person who first walked through the doors of Choose Life Ministry. I am grateful for the support I received, the faith I discovered, and the opportunities that have been placed before me.

My story is a reminder that no matter how difficult life may seem, there is always hope. Healing is possible, change is possible, and with God's help, a new beginning can become a reality.
